

# YOU'VE CONNECTED WITH SRS... NOW WHAT?

## 6. FOLLOW UP & EVALUATION

We believe that giving clients an opportunity to provide feedback/evaluation is crucial to the work we do and helps us improve our services overall! We will send an evaluation form to be completed by those we have engaged with so we have a better understanding of what participants gained from their partnership with SRS.

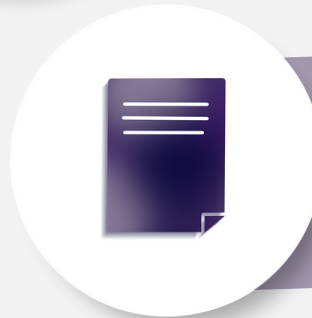

## 5. PROJECT OCCURS!

## 1. INTAKE MEETING

We will reach out to schedule a virtual intake call where we will discuss what services will best suit your needs.

## 2. PROPOSAL

We will then draft a scope of work proposal based on what was discussed during the virtual intake call. A proposal will include information about our team, agreed upon services, and financial investment.

## 3. CONTRACT

Once details and services are agreed upon, we will send over a contract to be signed. Additional paperwork and an invoice will be provided when needed.

## 4. DISCOVERY

After contract signing, we will connect you directly with the selected team member(s) to finalize details and content for the project.
